

FLAP WHEELS

SAND-O-FLEX™ CONTOUR SANDING FLAP WHEEL

Eight abrasive cloth flaps backed by eight brushes gently rotate against your contoured surface eliminating time consuming hand sanding. Thousands of flexible sanding fingers follow irregular surfaces. Turn of a knob feeds out new abrasive strips as needed. 1" X 87" strips rolled inside the plastic wheel are enough for hours of sanding. Lightweight plastic unit attaches to hand held drill or rotary tool. 1" wide abrasive cloth refills come in **solid or scored (1/8" cuts)**. Grits available: **60,80,100,120,150,180**. Please specify solid or slashed and grits. **An adapter collar allows you to attach 1/4 shank of Sand-O-Flex to 1/2" shaft of bench motor — \$9.50.**

FLAP WHEELS MOUNTED TO 1/4" SHANKS OR UNMOUNTED WITH 1" ARBOR

These resin bond, Aluminum Oxide cloth backed flap wheels are excellent for removing paint and rust or sanding irregular shaped surfaces. ABRASOTEX™ wheels are interleaved flaps of nylon non-woven and cloth sandpaper, which is great for deburring. Up to 3" Diameter, they are mounted on a 1/4" shank to attach to your rotary tool. 6", 8" and 10" diameter unmounted wheels have 1" diameter arbors. We sell flanges to reduce the arbor to 3/4", 5/8" or 1/2" for \$2.50/set. **Grits available C-M-F-VF-EXF.**

CONTOUR FLAP WHEELS **New Lower Prices**

If you have contoured surfaces to finish, these wheels can save you hours of sanding. Hundreds of flexible cloth fingers are bonded to a center core. The 1/4" wide sanding strips follow the shape of the part. They debur and polish without removing stock or altering the shape. Mount the Contour Flap Wheel to your bench motor at speeds up to 2,500 RPM. The 1" arbor can be reduced to 3/4", 5/8", or 1/2" with flange reducers. (\$2.50/set). (See photo inside back cover.)
