

GEL KITS, SANDING STICKS & CORDS

MICRO FINE SANDING GEL KITS

Optical grade Aluminum oxide particles are suspended in an inert water based soluble liquid. Sanding Gel can be applied with the included polishing pads on non porous surfaces such as **automotive clear coats, glass table tops, fiberglass shower stalls or boats, polycarbonate windshields, solid surface (Corian® type) or marble countertops.** Sanding Gel will remove fine scratches in 3000 and 5000 grits and will produce a high gloss in 10,000 grit. **3M 5 1/4" H&L Waffle Pad \$5.50 each** (see page 17)

ITEM NO.	DESCRIPTION	PRICE PER KIT

SMALL DETAIL SANDING STICKS

Sanding those hard-to-get-at areas is easy with the Sanding Stick™. It is the miniature model maker and crafter's dream come true. Sturdy plastic pencil-like sticks are spring loaded to keep sanding belts in place. This allows for belt rotating and changing. **Sticks are color coded for each grit: Gray (80 grit), Red (120 grit), Blue (240 grit).** Available in four sizes. **Save 20% when you buy kits with 3 sticks and 30 assorted belts per size.** Please specify sizes and grits. **1/4" x 12 3/4" AO Belts Grit 400J \$5.50/10.**

ABRASIVE CORDS AND TAPES

These flexible abrasive cloth round cords or flat tapes allow you to sand in narrow slots or grooves such as on spindles or inside small holes. They are also excellent for polishing or deburring metal such as the threads on a pipe or bolt. Available in 50 foot spools. **Special! Order one spool each size and pay \$35.00 for all three.**
